

IELTS Writing Task 1

Q-The bar chart below shows the estimated sales of jeans for two companies next year in Turkey. The pie chart shows the projected-market share of the two companies in jeans at the end of next year.

Projected market share

Model answer-

The bar chart depicts the anticipated sales of thousands of jeans in Turkey for two brands next year.

Mango Co.'s jeans sales are expected to increase from 150,000 pairs in January to over 500,000 pairs in August and stay there until November. Sales are projected to be in the 600,000 pair range in December.

Meanwhile, Jack & Jones Co. jeans sales are expected to start the year at around 450,000 pairs in January, drop to approximately 250,000 in February, and rise to about 400,000 in June. Sales are projected to stay stable at this level for the following two months, until August, when they are expected to climb steadily to a peak of over 900,000 pairs in December.

According to the pie chart, Mango Co. and Jack & Jones Co. are expected to have a market share of 20% and 30%, respectively, by the end of next year. The total sales trends for both firms are expected to go higher, as seen in the graph.
