

IELTS SPEAKING PART 1

Speaking Part 1

1. *How often do you drink water?*

Of course, every single day! Staying hydrated (giving someone water to keep them healthy) is a priority because I get a headache if I don't, not to mention my weight loss goals. So drinking enough water is critical for good health.

2 *What kind of water do you like to drink?*

All sorts; I'm not too picky (selective)! I drink either tap water through a Brita filter or bottled water on occasion (sometimes). I usually fill my refillable water bottle with water and carry it with me throughout the day.

3. *Do you drink bottled water or water from water machines?*

Water in a bottle. Because the water in my country is potable (drinkable), I usually use a filter to improve the flavor. However, I buy a water bottle if this isn't an option, though I prefer not to due to environmental concerns.

4 *Do you like to play in the water?*

Oh my God, I adore it! It's just a lot of fun. On a hot day, jumping in a cold pool is one of the best feelings in the world. It's one of my favorite ways to unwind on a hot summer day.
